- 17 Maria came from Overton
- 18 Maria and Lewis set off
- 19 had Day

Took a walk to Barnstable
then went to Tisbury
I dined at home to dinner

Mr. Leates dined with me

Took a ride to Yarmouth

Mr. Leates dined with me

Went to Yarmouth some time
later in the afternoon

Mr. Leates dined with me
and we collected a lot

of shells but again disappointed

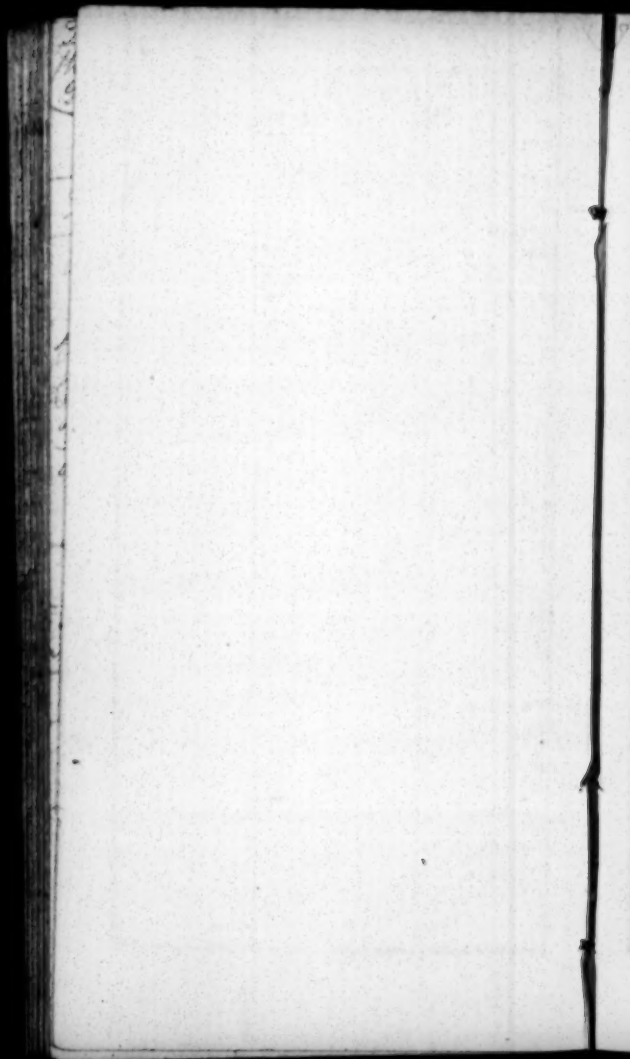

Took a ride to Barnstable

Took a little walk

Went to church Mr. Leates
dined

5
9
2
0

Long white birds to a ship getting very thin
Hill at common and taken a large
white stone but I got an a lot of
part of the morning and evening
evidence with double refined sugar
taken afternoon and evening

JUNE 1799.

ECLIPSES.

There will be only Two Eclipses this year, and those both of the sun ; but neither of them visible in these parts.

I. MAY 5, the Sun is eclipsed, invisible, at 3 quarters before 1 in the morning.

II. OCTOBER 28, the Sun is eclipsed, invisible, at 36 m. past 5 afternoon.

MAY 7, there will be a remarkable transit, or passage, of the planet Mercury, over the lower part of the Sun's face. The transit begins at about half past 8 in the morning, and ends at about 3 quarters past 3 afternoon.

VENUS will be an evening star till October 16, then a morning star to the end.

JUPITER will be an evening star till May 30; then a morning star till Dec. 17; then an evening star till the year's end.

The Number of Years to be purchased

The Value of the Purchase in

The Value of the Purchase in

The Value of the Purchase in

The Value of the Purchase in

The Use of the foregoing Table for the Purchase of Leases, &c.

THE Table consists of five Columns. The first contains any number of Years that are to be purchased, from 1 Year to 100.

The 2d tells you how many Years and odd Months Purchase such a Lease is worth in ready money, 3l. per Cent. being allowed for the Interest of the money laid out.

The 3d Column shews, what the same is worth at 4l. per Cent. The 4th at 5l. per Cent. and the last at 6l. per Cent.

Example: what is a Lease of 51 years to come, worth in ready Money at 5l. per Cent.

Look in the first Col. for 51 years, and right against it under 5l. per Cent. you shall find 18. 3. which shews the Lease is worth 18 years purchase, and 3 months, which is a quarter of a year. So that if the Rent were 10l. a year, then 18 times 10l. is 180l. and the quarter of the year is 2l. 10s. in all 182l. 10s. and so much is the Lease worth in ready money, at 5l. per Cent. —But if the Purchaser would have 3l. 4l. or 6l. Profit for his money, then let him look under the respective Columns of 3l. 4l. and 6l. per Cent. and he shall have his desire.

Ann. Dom.
